## Designed by Teachers & Professionals

### Meet Safeguarding Obligations

Staff know all concerns have been fully recorded. This ensures compliance with all current legislations, standards & guidance. Finally provides clear auditable evidence for Ofsted/Estyn inspections.

### Saves Time! No More Paper Trails!

Simple and easy to use, no lengthy form-filling. This reduces staff time, paperwork and administration.

### Individual Profiles

Comprehensive data dashboards enable the early identification of safeguarding risks and trends across a wide range of safeguarding concerns.

### Quick Reports At Your Fingertips

Powerful reporting tools deliver management reports for safeguarding leads, senior leaders, governing bodies and local authorities etc.

### Works Anywhere

Quick, secure & role-based access from any web-enabled device. You control who has access and how the system is used.

### Chronology Building

Quick and easy way to record securely all of the information you have on a child in one place & in chronological order.
