We make great software for schools

About Edukey - www.edukey.co.uk

Edukey was started in 2010 by Duncan & Gintas. Duncan was a secondary school teacher for 16 years and Gintas is a software developer with cutting edge software skills. We are now part of Tes Global, a digital education company that has been supporting educators for over 100 years. We use our combined knowledge of education and technology to develop our innovative, award winning software for schools. With our strong education background we know first-hand the problems schools face which is why we take pride that our software and customer support is world class.

About our software

Class Charts - www.classcharts.com

Class Charts is Bett award-winning software for classroom management.

Instant seating plans and easy to use behaviour management, saves teachers time, reduces their workload & improves pupil behaviour/reduces low-level disruption. Also included in the packages are cost-effective modules for pupil rewards store & detention management. Plus free homework module.

Provision Map - www.provisionmap.co.uk

Powerful software for superhero SENCOs

Provision Map is a management information system specifically designed for SENCOs. Our easy to use provision mapping and learning plan tools save SENCOs 6hrs a week. Also included in Provision Map are modules for meeting logs, parental communication, reviews and reports on costs, time and outcome. Our reporting function has helped gain on avg. £21,850 extra funding.

Safeguard my School – www.safeguardmyschool.co.uk

Effective safeguarding software for schools

Safeguard my School is a platform for pupil safeguarding designed to help schools meet safeguarding requirements. It is available as a stand-alone or a plugin for Provision Map. Safeguard my School allows for easy/quick reporting of safeguarding concerns, automatic notifications and a chronology log to allow management to know instantly of each reported issue within their school.

School Robins – www.schoolrobins.com

Like email but more organised

School Robins is a great tool for gathering information from staff in your school. School email inboxes can be jumbled up and makes it hard to find important information. School Robins compiles a neat record of staff communication relevant to each pupil at a glance, reducing time trawling through emails.

How we work with MATs & Local Authorities:

We are proud to be working with a number of MATs, LAs & governments who are using Class Charts & Provision Map to improve their schools. Because we are an all-in-one classroom management solution & SEN platform, they are benefiting by reducing their costs, getting consistency across their school and using our MAT/LA dashboards to gain an overview of school needs and target resources effectively.

Provision Map will help reduce SENCO & ALN administration by streamlining the documenting, reviewing and costing of Interventions, Provisions and Learning Plans. Provision Map will give you the evidence you need to gain the additional funding SEND students are entitled to, whilst centralising all areas of evidence, documentation and progress on one platform. 94% of SENCOs believe Provision Map helped their OFSTED report and has saved up to 133 hours per year in administration. Provision Map integrates fully with Class Charts, Safeguard my School & School Robins to master classroom management, automate communication and maximise outcomes.
